

My dear Mr. Garrison
I have just received your letter of the 21st inst. in relation to the proposed meeting of the friends of the cause in Boston. I am very glad to hear of it and I am sure it will be a most successful one. I am sorry I cannot be present but I am sure it will be a most successful one. I am very glad to hear of it and I am sure it will be a most successful one.

was the conclusion. I made
no remarks & gave no
reasons.

If they invite them to
Phila & pay the expenses
I would go which I per-
ceive they will do.
I did all I could to dis-
suade them from sending
those friends there - they
never would quit & are
too old to change. I could
give them reasons.

Will write about you
sent my love soon -

Remember me to
all - affly Kansas

Dear Allen, I read & re-
ad the letter with much
interest. I expected
to write them fully today
but am called out
of town to attend a
meeting of Caroline
Fells.

I will write in a day
or two.
I will only say that I
wrote Mr & Cope that
I had written me a
confidential letter at
my request & that I had
preferred not to mix
up in the trouble - but
that I would advise
them to mind up their
present arrangement &
promptly & quietly & that -
