Dear friend

I write in the
midst of my clerkship
at the yearly meeting
to say - expended \$100 -
in furniture & freight
at Knoxville, including
the cost of one of you going
there, if necessary, and
send me a list of the
things & costs. ~~enclosed~~
Draw on me for the \$100
in thy name - any one
of the merchants can pay
the draft for thee - or thou
can borrow the money
& I will send a check.

I write

In reply to thy letter
about assuming Phien schools,
will state, that we have engaged
the for 4 w. at \$75 which
will make \$300 - that will
leave us \$900 for all other
expenses. Teachers salaries,
books, medicine, repairs of
school houses &c. We can't
go beyond that, so cut thy cloth
accordingly & let us see how
much good we can report
next year to Dublin H. M. -
if we do, they may send us
more money - then can do much
good by individual labor in ad-
vising & talking to the Col^d people
at their meetings. Keep a weekly
record of incidents, work to do
as to give a more detailed ac-
count for incidents, tell.

Keep the \$900 before thee, for if thou
turn over that it must come or
be \$300 - (some) others \$75
