I will write to J. B. C.
again & hope there will
advise with some of the
leading members of your
Half Year Meeting, & say
to them we will help

I greatly feel & sympa-

Indulgent & obliging
Friend,
I have been corresponding
with J. B. C. & have been
my sister & consulting with
friends here & we are no more
at present, but for her to
be kept at home & a person
hired to assist in looking
after her & aiding there in
the household matters.
This subject from the first
has awakened my kind
feelings & I have strained
a point I assume there to
keep her away, but the
expense is too heavy with
expenses of various kinds
outside that I have to meet.
I have another case like
hers & have to contribute
