

Educational Depart. "Baltimore Association of Friends."

Bush Hill, N. C. 1 Month, 21. 1871

If I think that I can do anything
I will go there when I return.
The meeting for supporting of
W. C. Young meeting is called to
meet on the 30th of this month
to membership Congress to make
some provision for Education
in the South. I wonder
in some of the members to day
to petition W. C. Legislatures
on the same subject. (Education)
I am afraid there is too much
conservative in the meeting for
approving to meet with the
present Legislatures. It is
to meet at Centre. I am

very that I cannot be there.
If I was I would certainly try
to have a memorial to the Legislature
asking it to provide funds for
Education if it was but little.
I do not believe that they will dare
to neglect the school laws the
people will not have it, and they see it
how they find which way.

The following proposition is submitted
in regard to the meeting. It has been left
for William Richardson Spaulding of Northfield
County N. C. to send

that the sum of \$300 be forwarded by some
one interested and that the same be invested
in land adjoining the Northfield meeting house
land. I think for Northfield to have the same
amount in the hands of the State to be in
the present, but that the State should
and that the State William Richardson
Spaulding, says the same for the State of
three years free of any rent or ~~cost~~
but with the privilege of buying
the same at any time during the period
at each. That if the State should
that if the State should have the same and make
the State and the State should have the same
for the use of friends of Northfield
that the same may be sold and the

Dear Friend:

I send thee by the
mail both the history of this school
which I prepared in 1863, and the
anniversary address by Dr.
N. Mendenhall. I have asked Mr.
Moore to send some facts
concerning the schools in the
limits of the Yearly Meeting about
twenty years ago in which he
was engaged. He says he has two
reports of those schools which
he will send. Eastern L. Meeting
School at Melvidere has been
in operation since 1835. I have
written to Josiah Nicholson and re-
quested him to send thee some facts
showing its history. Mr. W. Woody
will send the plates this week-
en 7th day he thinks. They are
