Yesterday 6 attended Marlborough Monthly Meeting, which was large, was engaged in the Ministry, after the Shutter was closed. My mission was introduced by reading ~~my~~ Minutes, when I was informed they had a committee appointed on education which reported their was ^{150 children} eight schools within the limits of the Monthly Meeting, but none of them under its direction. They also reported that they had selected a piece of ground which the owner was willing to give, near the meeting house for to build a school house on and had opened a subscription to raise funds to build it.

First day 7th Attended Centre Meeting. Supposed to be 50 or 60 persons present. had some service in this meeting. after its close held a conference with a portion of its committee who informed us they had 3 schools under the direction of the meeting & one family school within its limits, who want books & assistance & me promised them to make a visit to those schools at some future time.

We spent the night with our ^{friend} William Blocket had
