for the Night with Jacob Cox at Union Factory.

8th Rode 12 Miles to Back Creek Mtg house Spent some time
in the School Satisfactorily, there is evidently consi-
derable improvement among the Scholars of this Sch-
ol. Settled with Mary O'Healey the Teacher for one
Mo Salary & paid her the balance coming to her

Fourteen dollars & one dollar more for want of change.

^{There were 30 children present}
The ride seven Miles to Eli Braunsens at Little
river, visited a School of 20 children present to day 14
Friends here at engaged this teacher at 20 dollars per
Month. and made themselves responsible for it.

This School was under good regulations They have
engaged the Teacher for 24 Months which time would
expire about the 16th of the present Month. I gave Eli
Braunsen twenty five dollars, to help him pay the tea-
cher, as there 9 Children Members & 3 entitled to the
same privileges, 9th Rode 30 Miles to Isham Co.

10th Settled with Mary O'Healey the Teacher in Oak Spring
School in the limits of Boone Creek Mtg, for two
Months Salary paid her Twenty dollars the balance
due her there is 60 children on her list 21 Mem-
bers & 39 entitled to the same privilege & 31 not Members.
They come very irregular & whilst they charge one
dollar per Mo for Scholars. they only charge for the time
they come, which reduces the tuition fee. I have regis-
tered them to let the people know we require the children
entitled to come regular. that ^{they} must pay for them whether
or they come or not.

Being the time of holding Western ~~Quarterly~~ Mtg
at Back Creek we attended it. a large Mtg, and
pretty comfortable, a little tardy in transacting the
business.
