

The Monthly Meeting schools of North Carolina, while receiving but very little outside aid during the past few years, declined in numbers & efficiency. We believe they have now been brought back to their former number & standard, and that they will, as heretofore, prove to be a great blessing in building up our membership in that State. In the past five months we have expended and appropriated of our funds, \$1451.⁷⁵ for N. Carolina, and \$800.⁰⁰ for Tennessee, making \$2251.⁷⁵ in all. At the close of the year, we will render a detailed statement.

Respectfully,
