Dear friend

The Executive Committee of
the Balt. Assn. met yesterday & decided to
appoint thee as their Agent on the same terms
as last year, viz: for six months, at \$60.
per mo. to cover all expenses except R. R. trips
to the Eastern part of the State; also to appoint
thee their Agent in regard to Missionary Work
at a small extra compensation. The six
months to begin whenever thou thinkest it will
be most advantageous for the schools.

I send thee a Blank report of the schools for
the past year & of their requirements for the present
coming session, which please fill out & return
as soon as practicable. As we expect to make
some appropriations for Missionary Work, there
will not be quite so much for the schools this
year as last. Please say how much will be
needed to keep M. J. Edgerton's school open till
near Christmas.

thy friend

John C. Thomas
