Dear friend

Thine of 5th inst recd. & the
encouraging account of your school & of the
generally has been read with great satisfaction.
I enclose check of Jas. Waver Dec for \$257.00,
being \$179.00 for tuition of pupils, & \$80.00 for
labor & material furnished by parents of pupils
towards the erection of the building house.

We are especially glad that your school is be-
coming more self-sustaining, as our funds are
running low, & we want if possible to have
a little to give you a start next year. I say
this to ~~the~~, but would like thee not to mention it.

thy sincere friend
John C. Thomas
