Dear friend

Thine of 14th inst has been duly received & considered. We will make the same grant as last year to the school in Anne Arundel Co. viz. \$25. to Allowing Spring & \$25. to Hickory Valley, to continue them one month longer than the first & can pay for themselves. But we know a little beyond the money service due.

Dear friend

I write to thee on 6th Mo. 17th last promising some aid to a school in Washington County & also to the one at Spring place, & have been looking for a letter from thee for some time. Giving more particulars as to the schools & their needs. Can funds be getting low & I do not want to mind your share. I hope the schools & meetings are in a prosperous condition. With love to thy family I am
Thy friend
