Dear friend

My postal of 21<sup>st</sup>  
duly recd. I hope the new  
Meeting-house is progressing  
satisfactorily.

The window-sashes & doors,  
& trimmings for top of door, were  
shipped yesterday, also glass  
for windows & transoms.

I enclose bill for same, amounting  
to \$26.82, to show cost. We will  
pay it as soon as we hear of  
safe arrival of goods. It would  
be well to put plenty of stone in  
wagon that hauls the glass, to save  
breakage. My friend,  
John

Dear friend

Our committee  
have concluded to waive  
the rule requiring a house  
to be under roof before standing  
aid, as your building cannot  
be covered in for a good  
while as we hope you now.  
We therefore send herewith  
a check for \$125 - for the  
first ag. Meeting-house with  
the understanding that funds  
will go right to work, & finish  
the walls & roof at least.

Please acknowledge receipt.

Yours friend  
John E. Kyle

Meeting.

The house was a good work  
except one.

A house of stone for the  
meeting house was seen at
