Dear friend

I have a letter from Mallon about asking aid from the Standard Campaign Fund for your new meeting house. Our Committee would like to know the size, material, & cost of the house. How near it is to completion; & how much has been paid for it; also about the date of your meeting, before deciding how much we ought to send you.

Dear friend

We have an application for aid in finishing a meeting-house at Haverhill Kan. & shall be glad to know whether you consider the friends worthy of aid, & to what extent. I am writing to W. C. Holladay for particulars respecting the house.
