Dear friend

J. S. Eastland has forwarded to me the letter asking aid in building a house for meeting & school purposes in Union Co.

You may rely on getting one hundred fifty dollars from our Balt. Soc. out of the Stanley Humphrey fund to aid in building Meeting House. We will send you the amount as soon as we learn that the vote is in.

Please let me know the name of the proposed meeting-house. I presume it is not far from the one I visited at Blowing Rock. My friend

Dear friend

My interesting letter of 25th & 28th to J. S. King have been duly received & opened by me as he is in Europe. I have written to John E. Jones, that he may rely on getting \$150 from the Stanley Humphrey fund when the house is under roof. We will also send \$100. for the house at Dover N. C. as soon as they are ready to go on & finish it. Also the \$25. asked for the one in Rockwell Co. Please give the name & dimensions of the latter as soon as I can.

Yours truly
J. S. Eastland
