Dear friend
I have a letter from Henry J. Ward expressing some doubt as to his being able to attend your yearly meeting, as I write to thee in reference to a subject that he was thinking of bringing to the notice of New England Friends. This is the Fund started by Stanley Pumphrey to aid in building Meeting Houses in the Southern & Western Border States. English Friends have sent \$1000. I will send another as soon as an equal sum is subscribed here. Baltimore has raised \$225.
