Dear sir:-

Your letter of November 24th, 1905, addressed to the Trustees of Centre Monthly Meeting of Friends has been handed to us, with the request that we reply to it.

In reply to your inquiry we would say that we find that the Trustees of the Meeting are carrying the following insurance: \$1,000 on the stone, shingle roof, Meeting House, and \$500 on the small stone, shingle roof, dwelling house adjoining the same. We understand that the Trustees regard these amounts as all the insurance that the buildings would properly carry.

The present Trustees of the Meeting, appointed by the Court, are George Valentine, Jr., Edmund Blanchard and Joseph D. Mitchell. We would suggest that any communications to them should be addressed to George Valentine, Jr., as acting trustee; otherwise the Post Office carriers are apt to deliver the letter to some one who is not acquainted with the business affairs of the Meeting.

Very truly yours,

At last I am able to send the amt of insurance on S. S. Springs property. I doubt if more risk would be taken by that Co. If deemed advisable I will inquire.

Very truly thy friend

That the Insurance Policy for S. S. Springs property has been issued. We have a Policy for \$1,000 the annual premium being \$9.50 and we have raised the hat or some and feel very thankful to the Permanent Board for their assistance in the matter. You can make the check payable to me or the Company that issued the Policy viz. West & Withers Suffolk, Va.  
Very truly thy friend
