Dear Friend:-

Thine with reference
to insurance on Meeting House
was received. In reply I would
state that in accordance with
the contract with our builders,
they are carrying insurance
on Washington Friends meeting
house, up to the time when
it shall be turned over to us.

The amount carried is \$7000.
and the policy is lodged in
the hands of our treasurer
H. V. Easterling.

Very truly thy friend
Thos. H. Leorning

Dear Friend

I have held thy letter
hoping to get to the Insurance Office
to see if I am correct, in regard to the
Insurance on our Meeting house prop.

I find on referring to the Policy
(which I keep in my Fire Proof), that
we have \$1500. insurance, as follows
\$1300. on Building

100. " Furniture

100. " Carriage Sheds, making the
1500.

There was an increase on the
Policy "April 16th 1889" that I had put
on when our new Building was finished,
of \$870. ^{including furniture & sheds} which brings the total up
to the \$1500., which includes fur-
niture & Carriage Sheds,

school house would
rebuild it. That on
the meeting house is
but a fraction of its
cost.
Very truly thy friend,
E. J. Cook.

Dear friend:

Thy inquiry as to
insurance on Nichols property has
been received and
satisfaction given me by the Insurers
that the property is insured for about
\$14. The estimated value of it, which is
the maximum risk taken by our local
company, which we consider a very
safe one.

Very truly
W. Thompson Nichols Esq.
