

Franklin Va. Jan. 8th 1906
James Carey Jr.

Dear Friend

I think of the 5th of June

There is no insurance on either
Bl. Creek or Bethel Meeting Houses.

I think truly

Robt. J. Harris

and as to the insurance of the
property. It has not been done
I was talking with an insurance
man a few days ago in regard
to it and he will insure it for
\$1,000 for an annual premium of
\$2.50 per year.
Some of the Friends think that it
is more than they feel able to
carry in addition to the other expenses
they have as the farmers here sustain
such heavy losses this year. But
I feel that a \$500 policy would
be far better than none at all.
But we have not had this matter
fully discussed in the monthly
meeting yet. hope to meet meeting
which is to be held on 1-26-07
Very truly thy friend
R. J. Harris

was duly received and in reply
will state that since our committee
regarding the insurance and of
we have again consulted with
our Insurance Committee.
E. C. Holland & Son, who we regard
to tell the story that the fact
of our having quit Insurance
for a period of over two hundred
years is a better title than the
last could give more to
enter a friendly suit. and besides
it would entail some expense
also and all for nothing at all.

James Carey Jr.
Dear Friend

Balt Md.

Dear friend I think of
24th recd & it appears mine
in reply to think of 11-25-
never reached thee I will try again
There never has been any insur-
ance on the meeting house
since it was built - it of course
is not insured now - it stands
entirely by itself no danger from
any other building.

Respt.

J. Scott Miller
