

The Finance Committee report that they have examined the Books of the Treasurer and that same are correct, with all vouchers. They have recommended that \$5,000 Chain Store Terminals of Louisville, 6% 10 year Sinking fund, tax refund Bonds be purchased as an investment at 100

Feb'y 4th 1929
The Finance Com. has examined all securities of the Society and found same intact, as per books.

Richard White
for the Committee

Whereas through the death of Francis A. White, on February 19, 1930, the Board of Trustees of the Miles White Beneficial Society has lost an associate whom it held in warm affection and high respect;

And whereas the Board remembers the wisdom and faithfulness with which, as Treasurer, he performed the duties of that office;

And whereas it knows how greatly his personal service and well-considered advice advanced the general usefulness of the Society;

And whereas it recognizes not merely its own sorrow but also the loss to the Society of Friends and to the community in which he dwelt;

Be it resolved that this Board record its appreciation of the service which flowed naturally from his friendly personality during his whole lifetime and without visible check even in his months of impaired vigor, and that a copy of its minute be transmitted to Sarah E. White, his widow.
