have been paid under the auspices of our Committee; one to Hopewell, two to Washington, and three to Ashton. These visits seem to have been timely and helpful. Besides this Patuxent, Deer Creek, Eutaw St., Light St., Ashton and Washington have from time to time received visits from Friends in the Quarterly Meeting, so that Lincoln is the only place that has not been visited during the past half year.

We are glad to be able to say that we believe that there is beginning to be a greater interest and concern felt among our members for the welfare of all the meetings in the Quarterly Meeting. In this connection the increased activity among our young people in exchanging visits between different places where as a rule they attend both the young people's meeting and the regular meeting, will we believe prove a great blessing both to themselves and to the meetings.

In looking over the work for the coming summer the Committee feels that if the way opens, they will be glad to arrange for the holding of a Week-end General Meeting
