All the monthly meetings have reported that in accordance with the direction of the Quarterly Meeting committees were appointed to enquire if any of our members make any use of intoxicating liquors. The reports stated that our women friends are entirely clear of the use of intoxicating liquors as a beverage, except one or two who make occasional use of it. Most friends are also clear of the use of it in cooking.

Committees were also appointed to enquire whether our members are in the daily

practice of collecting their families for the purpose of reading the Holy Scriptures and for family worship. From the reports it appeared that our families as far as heard from were in the daily habit of reading the Holy Scriptures collectively, except twenty in three other families it is occasionally omitted. These reports were directed to be forwarded in our report to the Yearly Mtg. The 1st & 4th unanimous Minutes were read and solemnly considered. Minutes of last Mtg were read.

Then concluded
