Let us encourage our children to attend these Meetings, that they may early become acquainted with & interested in the work of the Church.

We would earnestly bring before the attention of our Members the importance of holding their Preparative Meetings on M & O at such hours as will enable them carefully and rightly to consider the conditions of the Meetings to which they respectively belong.

As the Minutes of our Meeting in last 9th mo were not at hand the report of the Representatives then appointed to attend our late Yearly Meeting, together with any important business that may then have been left over

that defers to our next Meeting in fourth Month.

We next agree to request the Quarterly Meeting to consider the propriety of holding our Quarterly Meeting on Ministry & Oversight on Seventh-day evening, preceding the day of the holding of our Quarterly Meeting.

The first & second minutes Queries were read and carefully considered.

Then concluded

Richd. Henry Thomas

Clerk for the day
