

9th of the 8th Month 1810.

The committee appointed at a former meeting to attend the Quarterly meetings committee, produced the following Report — Viz. — We met the committee of the Quarterly meeting at the time appointed, & found that a committee, from Baltimore monthly meeting, for the Western District, had laid before them many documents, to show the Ground of their right to the Property. We informed them, that it was our opinion, that many things might be produced, on the part of our meeting in order, to give them a full understanding of the business, but they declined giving any further opportunity for that purpose, and reported to the Quarterly meeting that it was their judgment, the matter be forwarded to the Yearly meeting for decision, which was accordingly done.
