The friends appointed to confer with the committee, from the monthly meeting of Baltimore for the Western District, produced a written report the subject being considered was continued under their care with the addition of Joseph Irons and Ely Walderston and William Husband, who were directed to take the report of the Yearly Meeting into consideration, & report their proceedings thereon to our next.

One of the Representatives, to the Quarterly Meeting informed that the monthly meeting for the Western District, had forwarded to that meeting for explanation the conclusion of the Yearly meeting on the subject of the Burying Grounds, which was referred to the Yearly meeting for decision and two friends appointed out of each monthly meeting to attend therewith.

And as some information may be required respecting it, William Brown, John McElm, and William Husband, were appointed to confer with those named out of this, & report what they may apprehend necessary to our next.

The friends appointed produced the following Report.

We have had a conference with the friends appointed by the Quarterly meeting to attend the Yearly meeting, respecting the reference of the Western District monthly meeting & we are free to propose, that the proceedings of this meeting in the present year in that case, with the annexed statement (if approved) be lodged with the said friends, for the information of the Yearly meeting if required. And as it appears by the minutes of the Quarter, that the said reference, is only for an Explanation, it may not be necessary at this time to bring forward the Preparation, made by the direction of this meeting last year on the subject.

Which we submit to the meeting.
