

2
The Committee named at last meeting to consider of
the propriety of improving the lot of Ground purchased for
the accommodation of the Yearly meeting, agree to Report

That we have had several conferences on the oc-
casion, & are favored to unite in prospect, that it would
be likely to contribute to the promotion of the cause of
Truth if the same was carried into effect, as soon as the
approaching season will admit, provided the necessary
Funds can be raised therefor - which from an estimate
made will be about \$12000.
