

To the Committee appointed Report 15

That we have carefully examined the communication from the monthly meeting for the Western District, which was committed to our care, & we are at a loss to discover from the Tenor of it, the Object the Contemplate

On a reference to the late Act of Assembly relative to a continuation of the trust of the property belonging to this meeting (& to which they appear to allude) we are clearly of the opinion that there is nothing therein contained, that can ever operate so as to deprive that meeting of any privilege in the burying ground, which has been granted them by the Yearly meeting— But otherwise, from the guarded manner in which the law is expressed, it is sufficiently secured—

And as it has never been the wish, or intention of friends residing in the Eastern part of this City to infringe on, or interfere with, the rights of those who inhabit the western District we have to lament, that a subject of this nature should now be brought forward, which in its Effects have so evident a tendency to interrupt, that
