

Whereas Thomas Atkinson has had a right of membership in the religious Society of Friends, but has deviated from the good order thereof & manifested that he is not in unity with us by attending meetings that are not held subordinate to our long established Yearly Meeting, and subversive of its discipline, for which labour has been unavailingly extended towards him, he still evincing his determination to pursue the same course of conduct; We therefore disown him the said Thomas Atkinson from all right of membership in the religious Society of Friends, until he shall see his error & condemn the same to the satisfaction of Friends which that he may do, is our desire —

Signed on behalf & by direction of Atotherkin Monthly Meeting of Friends held the 11th. of the 2nd. mo. 1881 —
