At Balto Mo Meeting for the Eastern & Western Districts held 6th mo 10th 1886

41 overseers present

The committee having in charge the placing of a sign on the front of the meeting house, reported that it had been done & they were released

The committee in charge of Friends Federal Hill Mission made the fol-

lowing report, which was accepted & the committee continued

To Balto Monthly Meeting to be held 6th mo 10th 1886

Since our last Report the individual members of the Committee have continued to make occasional visits to the meetings on Federal Hill and some others of our Friends have rendered efficient service in this way

These visits have been appreciated by the members of the Mission, but in reviewing the Eighteen months since the appointment of the committee, we are not able to report very decided progress in the work of building up and establishing the meeting

Although there has been an increase of spiritual & spiritual life and activity in some of the members they still need continued assistance and encouragement from our meeting

We suggest that the committee be continued to give attention to the original object of its appointment and to promote evangelistic work in connection
