

To Baltimore Monthly Meeting of Friends
Dear Friends

Believing that the time has arrived in my religious experience, that I can best serve my Blessed Master, by uniting myself with some Religious Society, and being in entire unity with yours, in regard to what I consider the essentials of Salvation, but perhaps there may be a little difference in non-essentials - with this explanation, I hereby make application for membership with you
Sincerely affectionately

with which I am acquainted, I now make application for membership with you
Sincerely
Your friend
