

During the previous three months, but is now beginning to fall off a little as usual with the approach of warm weather. The life and interest appear to be well sustained especially among the young people. Those who professed their faith in Christ a few months ago seem to be steadfast.

The meeting at Lake has been visited a few times by members of Baltimore Meeting and at least once by a member of Deer Creek Monthly Meeting. Their members are hopefully looking forward to an increase in attendance and interest during the summer months.

The Washington Meeting has been visited a few times by members of this Meeting and others. Owing to the expected absence of most of their members during the summer, they have been left at liberty as heretofore to discontinue their meetings until Fall.

At Benderville there is a continuance of the interest referred to in our last report. Several have been received into membership since then and applications of others are now

pending. Several members of Baltimore Meeting have visited the Friends at that place since our last report and have held meetings with them to their comfort and encouragement.

On behalf of the Committee
Baltimore Benjamin P. Moore
5th mo 29th 1890 Rachael Brooks.

A minute was received from the Quarterly Meeting requesting that the Monthly Meetings shall report to it the amount of "Contributions" taken up for the Benderville Meeting house. As the Committee of this Meeting having the care of this matter has not yet reported to the Meeting our representatives were directed to procure the information desired by the Quarterly Meeting and lay the same before that Meeting.

The first Unanswered Query was read and seriously considered.

And then adjourned to meet in joint session with Women Friends 5th day 19th inst. as the conclusion of the regular meeting for worship.
James Carey
