

Members and letters have been written to some who are living at a distance - These expressions of our continued interest in their welfare seem to have been appreciated by those receiving them.

Island Hill

The meetings at the beginning of the winter were rather small owing partly to sickness also to members moving away - A series of meetings was held in 3rd Mo attended by Eliza Miller and Minnie Bassett of Champaign Ohio - and for one week afterwards by members of this Committee, with very good results; the attendance has increased the spiritual life of the members seems to be revived and several applications for membership with the Mission Meeting have been received.

Lake

No regular report has been received from this meeting, but we understand that meetings were held at the house of a friend until sickness prevented.

Washington Meeting

Meetings are still held Irish Day Mornings in the parlour of the Y.M.C.A., rented for the purpose. The attendance has increased and the interest is

greater than ever before - The meeting was visited by James Jenkins, Timothy Huesy and wife in 11th Mo and Barnabas C. Hobbs in 11th Mo - Parlor meetings were held at the time of the visits of some of these friends - Two of the members of the Pastoral Committee visited Washington in 2nd Mo, two in 3rd Mo and one in 4th Mo. The meetings of the Christian Fellowship Union which have been held once a month have been very interesting and helpful to the social life of the meeting.

Bendersville

Good reports have come from this place - Meeting and Bible Class are held regularly on Irish Day, with good life and interest - A parlor meeting is held in the afternoon of the Second Irish Day of each month - Two of the members of the Young Men's Meeting Pastoral Committee visited Bendersville in 1st Mo - They held a cottage meeting, also visited families, besides attending the regular meetings - Another member spent one Irish Day in 3rd Mo here holding two appointed meetings. There is a prospect of a series of meetings being held, beginning on the 5th of 5th Mo -

On behalf of the Committee { Edward L. Palmer
