

To those kept at home by sickness or bereavement, we tender our loving sympathy. We wish to encourage our members to visit each other frequently and to exhort and encourage one another. If those who may desire visits, at any special time would kindly inform us by note or otherwise, we shall esteem it a privilege to make such visits.

The work of Evangelization both at home and abroad requires more systematic effort. More personal dedication is needed to make the work successful.

We append to this letter a statement of our times of meeting and of the various undertakings under the care of this meeting and its members and ask your personal help in extending the work and in increasing the number of workers.

If any of you to whom these words of greeting come, should feel it in your hearts to send a reply, it will be gratefully received and may be addressed to the undersigned.

In conclusion, we trust that you will receive this letter as a token of the continued love and concern of Baltimore Monthly of Friends for all our members, and especially for those who are solitary or in any way separated from their friends, in the hope that we may all be brought into the fellowship that there is in Christ Jesus our Lord!
