in stores.

The interest in the Young Women's Fellowship Union has been well sustained, five meetings having been held with an average attendance of 20. The Children's Union under their care have held meetings regularly twice a month, and while a larger attendance was desired yet much interest was manifested. A new branch of their work started this winter is the visiting of the sick every month, by a volunteer committee, who carry flowers & fruit and whose visits seem to have been greatly appreciated.

Meetings for Colored Christian Workers were held once a month during the winter in the lower room of the meeting house, with a small attendance, caused partly by wet weather nearly every night. Some good was accomplished and they desired the

continuance of the meetings the coming winter. Very interesting reports from the household school and Free Kindergarten held in the premises of Light St Mission, but

not under our care were read for our information.

The Federal Hill First Day School is regularly held and is in a good condition, but a full report is deferred to the close of the year.

Respectfully Submitted

Charles J. Cary Secretary

The following satisfactory report from the Committee to promote the Comfort and accommodation of the Meeting in Washington was read and accepted:-

Washington Dec 6 & 3rd 1893

To Baltimore Monthly Meeting of Friends
