

continued: 6:30:55.

Baltimore Yearly Meeting Public Morals Committee has written to ask the Public Morals Committee of each Monthly Meeting to appoint two persons to act as possible representatives to a Public Morals institute to be held in Richmond, Ind., Tenth Month 27 to 29. The nominating committee was asked to propose these appointments.

Joan M. Smith reviewed the document received from F. C. Anscombe "The Contribution of Quakers to the Reconstruction of the Southern States". She suggested it be placed in the vault for safe-keeping. A card will be placed in the library file, stating its availability to interested persons.

Notice of the Governor's Conference on Juvenile Delinquency Seventh Month 25 to 27 at the University of Maryland was brought to the Meeting's attention. The Social Order Committee was asked to find representatives to attend.

A concern for more intervisitation was brought by Edna Goodwin. The Committee on Evangelism would like to have a list of Meetings which would like to have visitors with dates of desired visits and another list of people interested in visiting. Those interested in visiting should be prepared to attend a retreat at Penn Hill Meeting Ninth Month 24 to 26. This concern was referred to Ministry and Council.

The Meeting then concluded.
