

Annot has been paid to Isaac Coates. He acknowledges the Charges against him, & states that he accomplished his Marriage before the Separations. He has now attached himself to those who have separated from Communion & fellowship with the Ancient Society of Friends. We therefore apprehend that further labour with him will not be useful.

An opportunity has been had with Mr Byron. He acknowledges the Charges against him. & he corrects & professes a strong attachment to the Ancient Society of Friends & his assurance of retaining his rights of membership therein. It requires that Friends should continue his Case under this Case some time ~~one~~ month longer, which we are willing to prepare for the Consideration of the Meeting.
