

To the Monthly Meeting.

The committee appointed to consider the subject of the First day evening meetings would suggest that instead of the plan proposed, liberty should be given for holding on the first First day evening in each month during the rest of the season, if way should open for it, in place of the regular Meeting for worship, a meeting at which an address may be given on such suitable topic as may be arranged for by the committee to whom this matter may be referred.

The committee does not propose any change in the hour of holding the meeting.
