The following was adopted as the annual report to the Monthly Meeting. viz.
"The Trustees refer to the Treasurer's report to the Monthly Meeting in First Month last for a financial statement for 1893 of the different Funds under their care. Since then they have purchased as an investment of accrued income from the Wilson School Fund, a $1000.- five per cent Bond of the Consolidated Gas Co of Balt. at a cost of $1022.50 leaving $885.80 in the Savings Bank.
The School building, which has been for some years rented to the Johns Hopkins University, will soon be vacated by it, & the income from that source will cease, unless it is rented by others.
As there seems to be now no need for a night-school at Federal Hill, it was discontinued about a year ago, & the income from the Schofield Fund is slowly accumulating.
This Fund and the Mary K. Warder Fund are both invested in the houses on James Alley, which are all rented & the rents are

being regularly collected.
The furnace at the meeting house corner of Eutaw & Monument strs, & also the two at the Mission building, Federal Hill, all required extensive repairs last Fall involving an expense of $137.75 upon the Treasury of the Monthly Meeting."
The Trustees then adjourned.
