May 27-1926

The Finance Committee met May 27-1926.

Eight persons were present. After prayer the minutes were read and approved.

Miles White, Jr. was asked to report to date those from whom nothing had been heard. After discussion it was left to the judgment of the persons who had already written to them whether they should be written to again.

The report of the Committee to the Monthly Meeting was read. As it was incomplete, the Chairman was directed to make necessary changes and report later.

Then adjourned.
