

✓ The Hodgkins ^{2nd letter} 10th She scarcely liked to go as mother looked so very ill and had had a little pleurisy but Dr Fletcher considered her going on well and mother did not at all seem to think of her not going and so she went and we are very glad to have been able to send her letter account since. — It was very nice for her too for as soon as May had started in the

train from Charing Cross Jonathan D. Hodgkin proposed reading a chapter and read John. 1. 3. 2 and then offered prayer for them all that they might be permitted to get the breath. May (he & his wife) had gone in search of and in getting that ~~that~~ he also permitted to do do little things for Jesus day by day. — Also that all might be so ordered for Mole May had left behind that they might be relieved from anxiety about the Lord's Men and finally commended all and all their dear ones into the Lord's Care and Keeping. — Wasn't it very nice? Mother is getting on nicely though it will probably be some

time before she is well again. — Yesterday she had on her dressing gown and came into her dressing room for a little while. She sat up for a quarter of an hour and the rest of the time lay on the sofa. — She was in there altogether for an hour. —

Auntie says I must go to rest and she will write a letter now as well to Farewell

From your very loving
Sister
