At. Baltimore Preparatory Meeting on Ministry
and Oversight held. 9/28. 1899.

The Representatives to our late Quarterly
Meeting on Ministry and Oversight
reported that they were attended except
one Friend who was detained on account
of sickness.

The subject of the best use of our First Day
Evening's during the coming months has
claimed our very serious consideration.
After full expression of unity it was
decided to suggest to the Monthly

Meeting the propriety of deferring the
opening of the regular First Day Evening
Meetings for the present and of holding
in their place others more along the
line of the Devotional Meetings held
during the Yearly Meeting - at which
special topics may be introduced
It being understood that whenever it

manner of a usual Friends Meeting
for worship may be held.
