

Report was directed to be forwarded to our Monthly Meeting:

At Cutaw Street. We believe the spiritual life of many of our Active Members, has deepened during the past year. At the Annual Meeting of the Association for Christian Work, the reports showed that there had been a more general participation in the Home Mission work of the Meeting than usual, and this we feel to be an indication that the spiritual condition of our Meeting is better than it was last year.

The attendance at our meetings, for worship during the greater part of the year has been encouraging, and much interest has been manifested. An unusual number of young people being in regular attendance at our First-day-Morning Meetings.

Meetings during the summer have been very small, owing largely to the apparently increasing number of Friends who leave the City during the summer months.

Our First-day-Evening Meetings, and

our mid-week Meetings have been about as usual. The Bible School showed an increased average attendance over last year, and continues to be an encouraging factor in our work.

We believe that in most of the families of our interested members, daily family reading of the Holy Scriptures is observed, and there is a good degree of love manifested in our relations one with another.

A number of our members are engaged in charitable and philanthropic work in the City, where we believe the Meeting continues to be a definite force for good.

We feel the need of a more thorough consecration on the part of some of our members, and cannot but hope that these may be able and willing to make this consecration as we enter upon the winter's work.
