

Father is Calling them to assume.

A Special Effort is being made, this Week to encourage our Members to take such part in the work. Exercises after Meeting as way may open for.

There is no Special work which this Meeting has undertaken lately or has under Consideration.

Light Street

This Special Condition of the Membership at Light St is about the same as it has been.

While there is a good degree of life in the Meeting's need, and among the active Members, more is desired. There has lately been an acceptable Attendance of Friends from Easton St Meeting; there are a number of young people who attend the Meetings held

at Light St and there is a good opportunity for Service for visiting Friends. The Meeting has suffered a little by important members moving to a distance from the Meeting.
