Visits.

The Assistant Clerk stated that some friends had reported visits paid to members of the meeting.

Discussion
of topic

The topic assigned for the evening was "How to bring Associate members into full membership." Among the views advanced were the following -

Each case must be considered individually, and each be treated as it demands. If this meeting considered an Associate member ready for full membership and they wished it, we might notify the Monthly Meeting, which could enroll them as full members.

We should know whether they are informed as to views of Friends. Each member of this meeting might look out for one Associate member, pray for them, visit them and become posted as to their real situation.

We should not be too particular, the church is a nursery to train and educate.

The matter of action in regard to associate members of Light St congregation was referred to our members from that meeting for such action as seems best.

Then adjourned
