

V-25-1910

Pastoral
Plan.

Whether the visit or attention of any other Friend would be helpful, and if so, to endeavor to bring it about. Whether any can be encouraged to apply for membership.

If a change of address occurs please notify the clerk of this meeting.

We desire that this method of securing careful oversight shall not become official in nature, or interfere in any way with the individual concern for individuals; but that it may result in every one connected with us feeling that the meeting is sincerely interested in their welfare and in their Christian growth. We ask hearty co-operation to this end, and would suggest that knowledge of this plan be confined to members of the Pastoral Committee.

On behalf of the committee,

John R. Cary -

Report.

Representatives

The following report to the Quarterly Meeting on Ministry and Oversight was adopted, and Edward L. Peshner, A. Morris Cary, Mary E. Cary and Hannah M. Pope were appointed our Representatives to attend the same.

The concern which has rested upon the members of this meeting in the Guto St. and Light St. congregations during the past quarter having been the same, we have not made separate reports as usual heretofore.

In both places members of this meeting have given earnest attention to their pastoral duties, feeling

V-25-1910

the great importance of this part of our work. They have not thought it wise to limit the term pastoral work within narrow bounds, deeming any right method of helping and encouraging either our members or others who come within the influence of our meeting a proper part of our duty. We are trying to so systematize our work that we shall be in helpful touch with all who worship with us regularly or occasionally.

The past season has brought us many opportunities for service; and while we cannot feel that we have been as faithful and alert in using them as we might have been, we are thankful that many of our members have earnestly tried to serve the Lord through the various forms of Christian activity connected with the meeting. The reports from the different committees to the Monthly meeting were encouraging, and we consider that the outlook offers much of hope.

Then adjourned
John R. Cary
Clerk.
