Report

Light St. At a conference recently held at Light St. careful consideration was given to methods likely to distribute the responsibility for the meetings more generally among the membership. The very free and full discussion resulted in a proposal to hold regular mid-week prayer meetings and to organize a Mission Study Class, thus giving scope to the activities of older and younger. The earnest desire on the part of concerned members that the meetings shall be occasions of blessing, and their willingness to be used to that end, have resulted in new life and power. The Bible School has increased its average to 80. The attendance at meetings for worship has varied but little, perhaps a slight increase the past quarter. Light St. has been regularly visited by members of Auburn St.
