Light St.
Meeting

Isaac F. Smith reported the conditions for the Light St. Meeting during the passed month, that the evening meetings had been well attended with more interest manifested. The Quaker-Comm. Table had also been well attended and considerable interest shown in it. The Men's Bible Class had suffered loss of members through four other classes being started but the interest is still maintained.

Eutaw St.
Meeting

Mary E. Morris made the following report for Eutaw Street Meeting.

Report: - "In considering this paragraph carefully seven questions seemed to be asked for our consideration. It seems difficult, very difficult, for any member to give a report of this kind: - 1st Spiritual Condition & life of the Congregation

& activity in the various lines of service in the Meeting, and in religious work outside such as Teaching Bible Classes, Y. M. C. A. and Y. W. C. A. work is evidence of spiritual life then our members surely manifest a desire to increase spiritual life both in themselves and in others. 2nd The Attendance at Meetings for worship.

The attendance at Meeting for worship is

much as usual. It would not be honest if we did not confess that some of us, for one reason or another, are not as faithful in attendance upon 5th day morning meeting.

3rd The character of our ministry &c.

The character of our ministry is undoubtedly of the highest order and seems admirably adapted to the needs of the meeting.

4th Evidence of spiritual gifts among members.

In answer to this question we can say there has been renewed evidence of the stirring of the Spirit among our young men. In one instance the call was felt for some weeks, but the individual was faithful in delivering an acceptable message to our first day morning meeting.

5th Has care been exercised for development of gifts? We believe that such gifts have been both recognized and encouraged.

6th Any special work undertaken. In the every member canvass of our membership just entered upon, we believe that more than one object has been accomplished. In some instances the visits have opened opportunity for conversation pertaining to the spiritual life. 7th Available fields for service, &c.

Visions of possible fields of service occasionally come to some of us and out of these visions we hope practical results may at sometime follow.
