Some Goals for the Work at Homewood.

A meeting for worship in which every Friend is made to feel that he is indeed in the secret place of the Most High, and in which the stranger is made to realise in no uncertain way a keen sense of the Presence of God, and is made to feel welcome in our meeting for worship.

Fifty new members taken into the meeting from outside our Society.

Baltimore Meeting "over the top" in the United Budget campaign for this year.

Something outside the United Budget given for Foreign Missions in order to help relieve the present large deficit.

A reading room with the best possible collection of Friend's literature, and Friendly information; and its use being promoted especially among students and young people.

A Sabbath School of two hundred and fifty members, efficiently organised and taught, and with a definitely outlined policy of leading its members to a Christian experience and to church affiliation.

A group of younger people in training for Sunday School leadership, at least six in this group. This training to be provided without expense either by our Meeting alone or in conjunction with other such efforts in the city.

A publicity campaign launched which will adequately and attractively bring before public notice Friends' principles and their application to present day needs.
