The Secretaries of the First Day School reported an average attendance of 4 officers 10 teachers & 100 scholars making a total of 114.

a request was received from the teachers to know whether this meeting would approve of having an organ in the First-day school, it being clearly understood that it was not their desire to have it used in the religious meetings. After full

consideration this meeting approved of the request, & Gottlieb Gray & Louisa Sanders were appointed to unite with a committee of the 1st day school teachers in presenting the subject to the Centaw St. Friends.

a circular ^{was read} inquiring whether this meeting would support a proposed movement in favor of holding union evangelistic services next winter under the lead of B. Day Mills. Full sympathy was expressed with the proposed effort & our Clerk was authorized to signify our willingness to cooperate.

Then concluded
