

Young Phil.
 says he is
 a Temperance
 Boy - but does

 his Papa

 tobacco
 too - for

26th I called to see Seth Cartwrights married daughter this morning. She was with him last night until midnight. Says was sufficiently conscious yesterday to recognize them all, and took leave of his children & brother embracing them each by turns, and being quired with concerning his prospects, he looked upward with a bright countenance & said all was light before him.

I thought this would interest you, & my friend Joseph Scholfield, to whom please remember me kindly.

The girls join me in love to you each & all as would Phil. if here.

Young Phil. sends a drawing to thee in return for the Temperance tracts &c.

With love unchanging - Thy Aunt
