

Westminster, Md. (

Honorable Albert-C. Ritchie,
Annapolis. Md.

Our dear Governor.

We are hurt, to the quick over
that barbarous out-Break on Eastern
Shore. We Certainly - do not want our State
to do as the other states have been doing
having this mob spirit go unpunished
That is why it continues in our land.

As citizens of our State we come im-
ploing you to all that is possible for
a governor to do to banish this lynching
Business from our nation.

These disgraceful occurrences prove to us
that we have not progressed far in
Culture or Christianity. It is a terrible set
back & we bow our heads in shame.

We desire to rise in our might & help you
in any way we can to prevent this ever
occurring again in our or any State in Union
Every body has a right to a trial & decent
punishment - according to the law & not
let go. 3400

Respect-

Yr Christian Citizen Eastern Md.
Mrs. J. H. Thomas. Westminster - Md.
